**Purpose :**

- To impress upon the students appearing for competitive exams the importance of political science.
- To teach political science syllabus for competitive exams.
- To create awareness among students about competitive exams

**Importance of Political Science for Competitive Exam :**

Political Science is a popular subject in competitive examinations. Questions are asked on this subject in the all Competitive exams and also conducted for Group 'D' recruitment to Group 'A' posts. Political Science is an easy subject it can be understood quickly. Because of engineering and medical students are also seen choosing Political Science as the main optional subject in the Union Public Service Commission main examination. The state is an ancient institution in human life. Since this state institution has a great impact on human life, it has been studied in this branch of knowledge since ancient times. In short, political science is broadly defined as the study of the state. This branch of knowledge studies political values, institutions, political processes, and political policies. Along with this, political theories and their applications, political systems, political culture, and political behavior are also analyzed. The work of introducing the individual to the political system is done in this branch of knowledge. Accordingly, this course was organized by the Department of Political Science. in this course participated total 12 students.
